Crystal Art Stickers

Crystal Art Stickers are sparkly DIY stickers.

When they are finished, they can be peeled off their backing and affixed onto any craft project, card, note book, phone cover, home décor etc.

These are perfect for beginners who are looking to explore this new craft, or for experienced crafters as an accessory to embellish their latest project.

Each motif takes around 15-25 mins to complete.

Paint by Numb3rs

Paint By Numbers is a well-established hobby; however, our kits enable the hobbyist to create a beautiful, painted masterpiece on a premium linen canvas that has already been pre-stretched and mounted on a wooden frame. Displaying your finished creation is therefore quick and effortless. As well as the stretched and mounted canvas, our kits come with full instruction manuals, three wooden paintbrushes and high quality acrylic paints. Our Paint By Numb3rs range features gorgeous artwork by Thomas Kinkadee, Anne Stokes, Rachel Froud and some beautiful licensed Peter Rabbit and Paddington imagery.
