STRONG MAGNETS
MAY CAUSE EXCESSIVE PLAY

SAFETY

High-powered permanent magnets are potentially harmful if swallowed. **Strong magnets are NOT FOR CHILDREN.**

We take product safety very seriously. The NANO MAGNETICS brand of products are designed as advanced magnet kits used to experiment with the hidden world of geometry, chemistry, math and physics. Read and follow all directions to ensure safe usage.

Keep all strong magnets out of the reach of children.

“RIDICULOUSLY MAGNETIC ... ONCE YOU PICK THEM UP IT’S VERY HARD TO PUT THEM DOWN” - **TIME Magazine**
“UNLEASH YOUR INNER MICHAELANGELO” - **NEW YORK POST** “NANODOTS HAVE REACHED NEW HEIGHTS AND WIDTHS” - **GIZMODO**
“A LEGO FOR THE 21ST CENTURY” - **C|NET** “TOY OF THE YEAR!” - **Creative Play Magazine** “OSTENSIBLY MAGICAL” - **THE GLOBE AND MAIL**
“ADDICTING DOTS OF MAGNETIC FUN” - **WALL STREET JOURNAL** “MY FAVORITE GEAR EVER. EDITOR’S CHOICE 9.5/10” - **I4U NEWS**

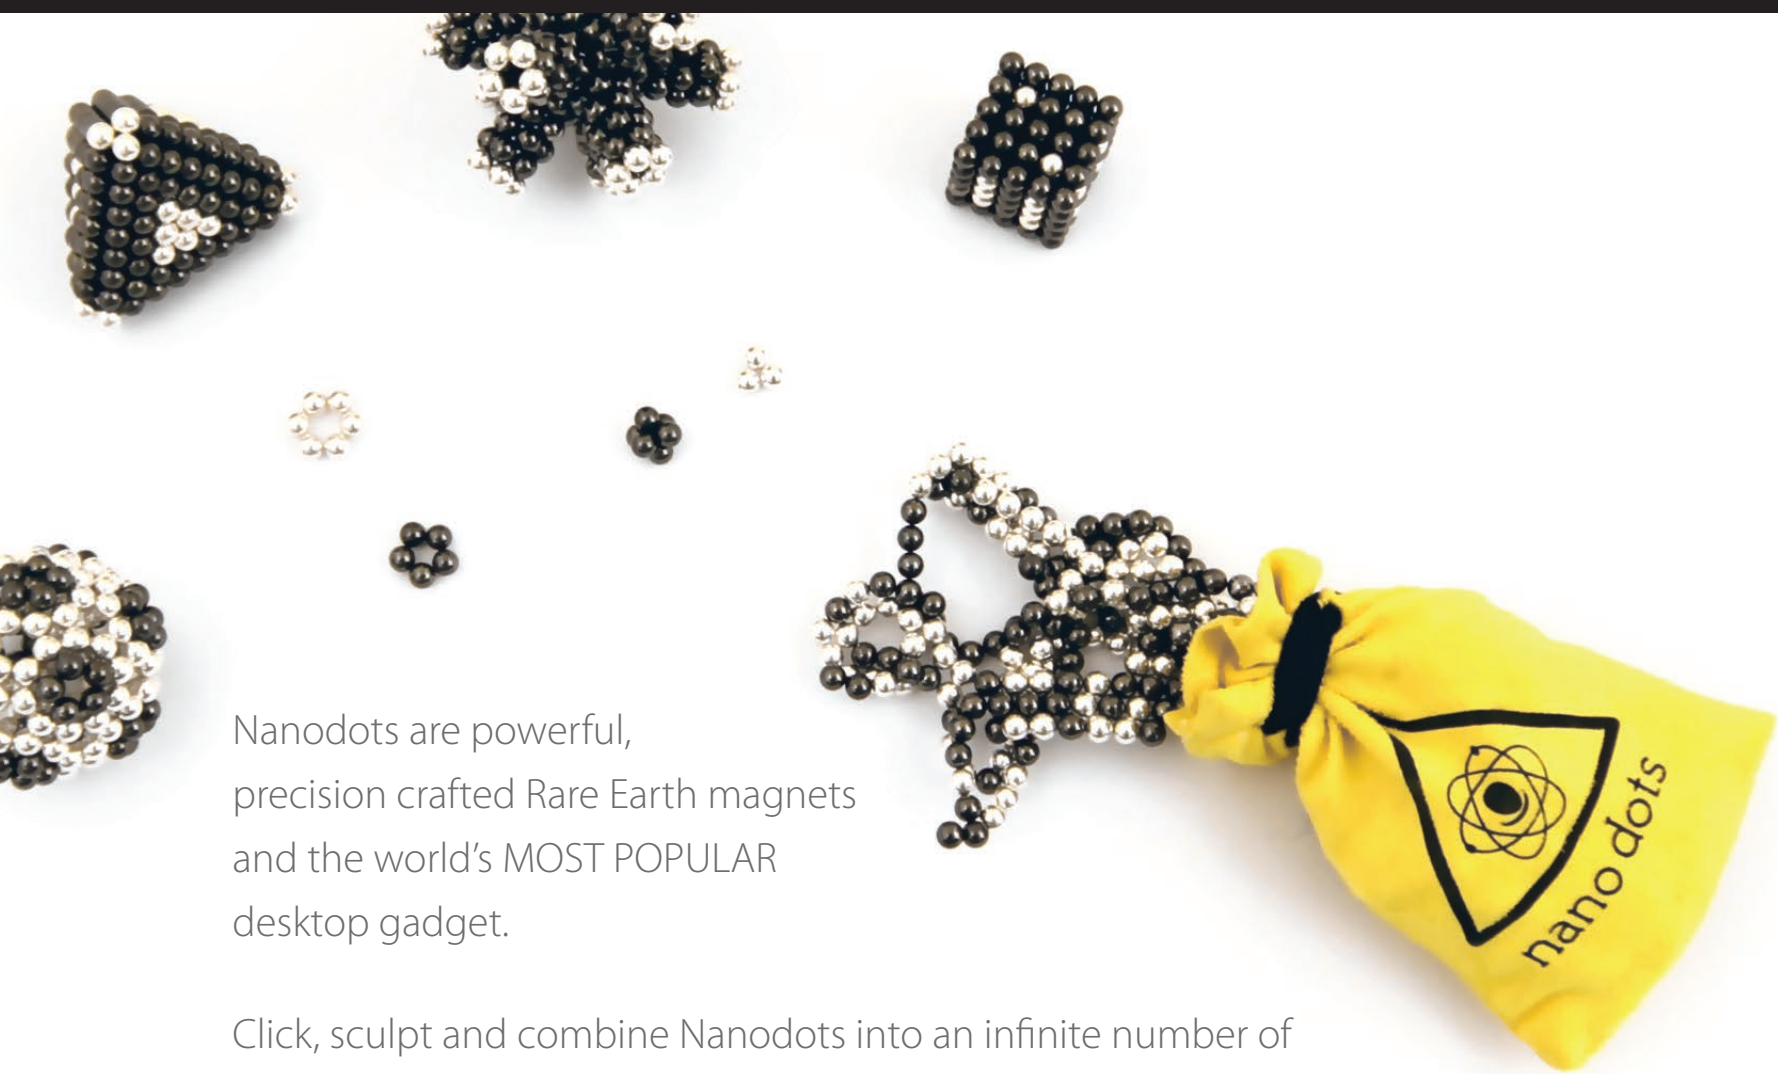

Largest Magnet Sculpture
550,000 Gold Nanodots
Over 600 Lbs.

As seen on:
The Big Bang Theory
Award-Winning TV series

THE WALL STREET JOURNAL.

Nanodots are powerful, precision crafted Rare Earth magnets and the world’s MOST POPULAR desktop gadget.

Click, sculpt and combine Nanodots into an infinite number of shapes. A fun way to de-stress and a versatile tool for building the creation of your dreams. There's no wrong way to use them!

nanodots® come in four plated colors:

MAGNETIC CONSTRUCTORS

“LEGO FOR THE 21ST CENTURY”

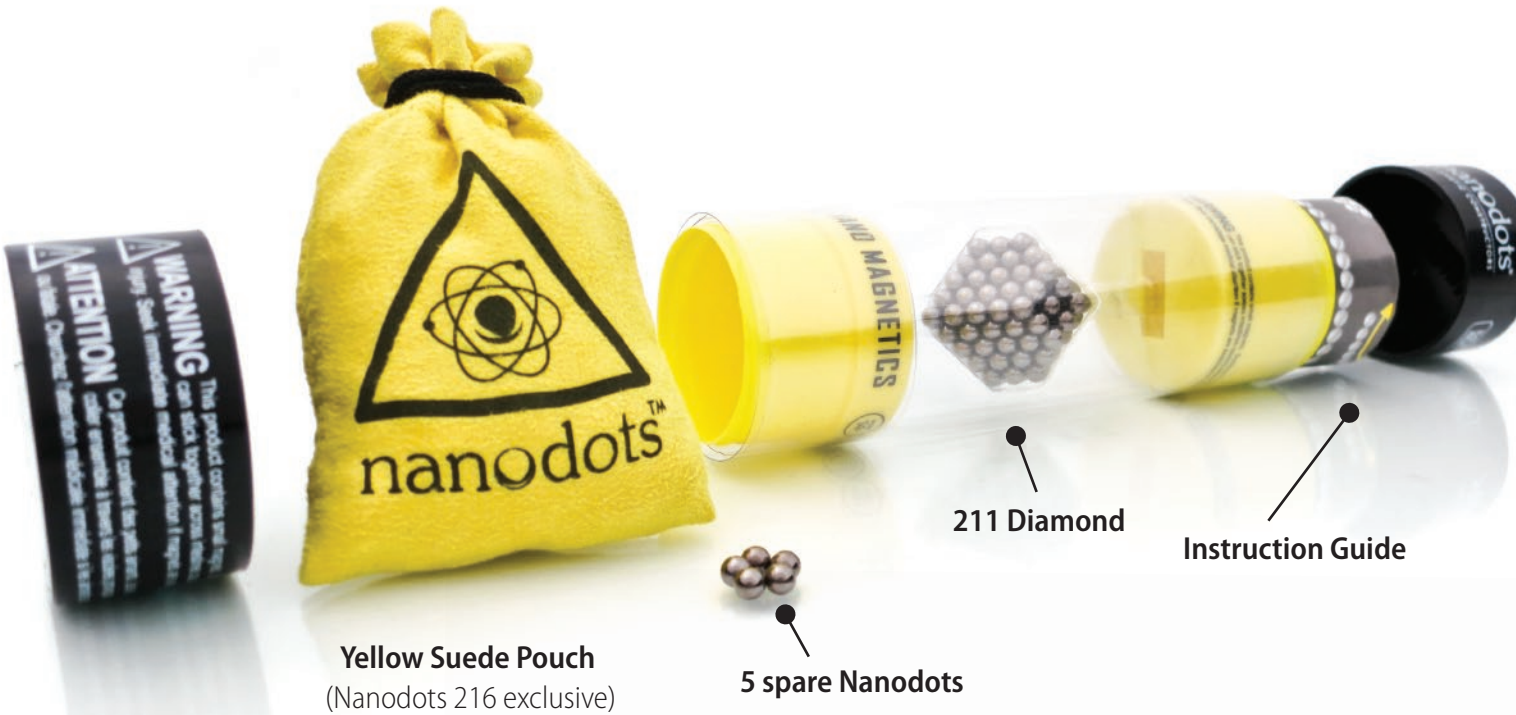

nanodots®

MAGNETIC CONSTRUCTORS

Endless fun and unlimited possibilities.
Available in 64, 125 and 216 dot canisters.

Radical Packaging that Transforms

NANO [CANISTER]

The Nanodots packaging transforms into a handy travel canister to safely and securely store your magnets.

Color Coated nanodots®

Coated Nanodots are available in 5 lavish colors to mix and match.

nanodots® CUBES

Features

- 125 high-powered Rare-Earth magnet cubes
- 2 Editions: Original and Onyx Silver (Black/Silver Mix)
- Magnet Dimensions: 5mm x 5mm x 5mm
- Includes instructions and puzzles
- Compatible with Nanodots spheres

“HARD TO PUT THEM DOWN” – TIME

MEGA nanodots®

Futuristic marbles with a magnetic twist.

Marble-sized magnets made from military grade ceramic ferrite. **Mega in size and in fun!**

3x the size of regular Nanodots. Comes in packages of 12, 30 and 64 pieces.

Available Colors:

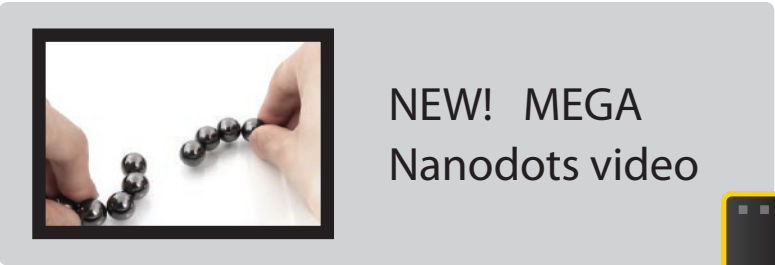

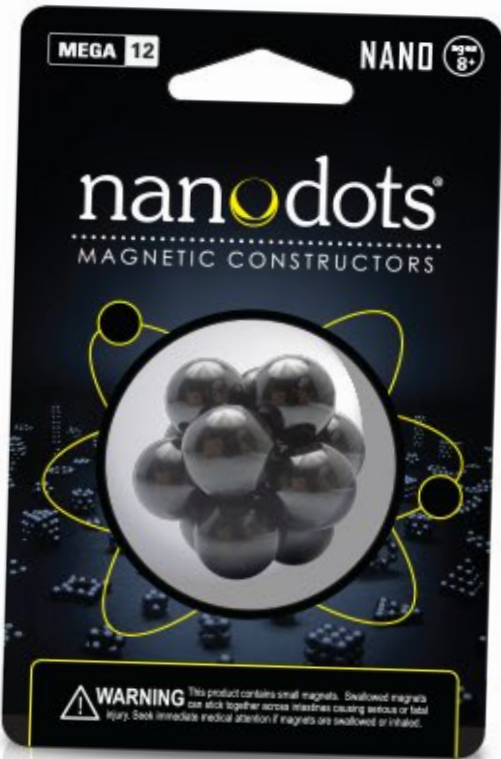

TITANIUM SPECTRA

JET BLACK

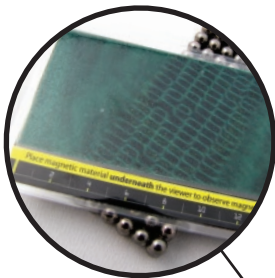

METALLIC BLUE

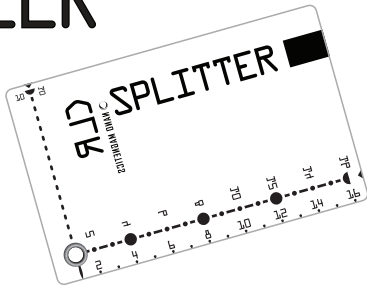

SPLITTERS

Three splitters with different functions for greater Nanodot mastery.

Hi-resolution magnet field viewer!

CLR

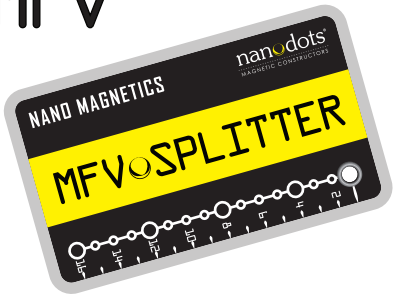

The CLR splitter is made with thin transparent PVC plastic for delicately positioning and placing groups of Nanodots.

ART

The ART splitter is extra thick making it the best for separating and chopping Nanodots creations.

MFV

The Magnetic Field Viewer splitter reveals magnetic fields, making it an essential tool for building larger Nanodots creations.

Nanopad™ with **Fe**weave technology

Nanopad is a flexible **magnetic surface** and **game board** designed for maximum versatility. Comes with a standard size chess board on one side.

MAGNETIC CREATIONS

BOARD GAMES

GAMING MAT

nanodots® GYRO™

Spin them, slide them, collide them, and glide them for a result that's fascinating and fun at the same time.
